Your Dental Checklist for: **Back To School**

Scheduling Your Child's Checkup

School's out and between all those trips to the pool, BBQs with friends, and family vacations, don't forget to get your kids in to see their dentist before they head back to school! Summer is a great time to get procedures done without working around missed tests and schoolwork.

Could Your Child Benefit From Sealants?

Most children can benefit from having sealants placed, usually on the premolars and molars to make their teeth less susceptible to decay. Molars have pits and grooves in the chewing surfaces, making them hard to keep clean. These trouble areas are remedied with a filling material, similar to filling a cavity. Sealants can protect a tooth for many years, but good oral hygiene is still required.

Is Your Child Ready For Orthodontics?

Did you know that the American Association of Orthodontists actually recommends kids be seen by age 7 to detect early problems and allow treatment to begin at the most ideal time. This "interceptive treatment" may provide a chance to make room for crowded, erupting teeth, focus on bite problems early, reduce the need for tooth removal and the overall time in braces.

Does Your Child Need Their Wisdom Teeth Removed?

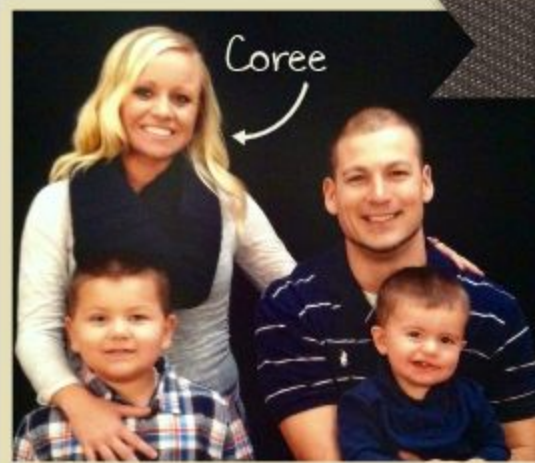

Some joke that wisdom teeth make a person wiser and therefore should be kept, but truth be told, most of the time it's better to take wisdom teeth out! Generally, wisdom teeth start to appear between the ages of 17 and 25. Whether they erupt or not, is another story. Sometimes wisdom teeth don't have enough room to come in properly and lie horizontally instead of being positioned as they should. If this happens they can cause further dental problems. Most dentists would confirm that the younger a person is, the easier it is to take wisdom teeth out because roots may not have developed all the way and gums tend to heal more quickly at a younger age.

Dentist Trivia

Dr. Bost became a dentist instead of an architect because he really wanted to work with and help people. Being a dentist allows him the ability to do both.

"There is nothing like showing someone their new smile after years of putting off treatment." - Dr. Bost

Coree Howery has been a dental assistant at Premier Dental for a little over 2 years. She loved the idea of being able to help people enhance their smile, therefore she left her 4 year career in banking. Corey completed her dental assistant training here at Premier Dental. She remembers, "Coming on board was very challenging, but I gave it my all and it has paid off."

Employee Spotlight

Dr. Larson had this to say, "Coree is like an energizer bunny, she is such a hard worker, very knowledgeable and always adds humor to my day."

When not at the office Corey loves to spend time outdoors with her family, especially at the pool. Corey & Mike have 2 boys Nathen (7) and Brayden (3). The family has a 2 year old Rottweiler named Mia, who they love immensely. Mia is like a big teddy bear and she even lets Brayden ride her like a pony! Corey's other favorite pastime is shopping, whenever she gets the opportunity she loves to shop (this, of course, is without the kids).

Coree's dream is to create a fabulous life for her children and to give them everything that she didn't have as a child!

Patient of the Month

April: Brian S.

We surprised Brian S. and his coworkers with donuts! Brian was selected as our April Patient of the Month and has been a great patient for a few years. Brian always comes in with a smile and is such a joy to see! His smiles brightens our day!

May: Emily T.

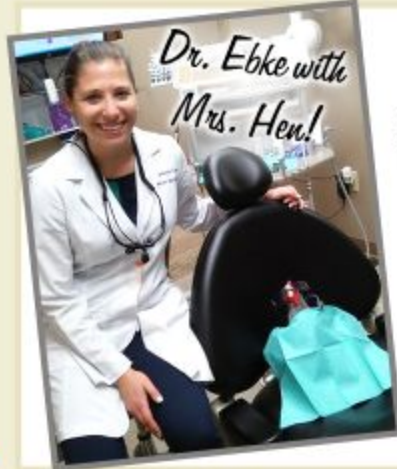

Winner of All-Star Giveaway
Nicole H.

Emily T. Goes Above and Beyond!

It's not every day we have the opportunity to work on a hen in the dental chair, but Dr. Ebke did one fine day in May. Emily T., a local preschool teacher who goes above and beyond in her career each and every day. Emily came to a regular scheduled dental visit with Mrs. Hen! One of Emily's students had a huge fear of coming to see the dentist. So her students decided that Mrs. Hen would join Emily for her dental visit and report back to them the next day.

Emily had this to say about her experience: "I had some major dental anxiety when I first started at Premier Dental, and Dr. Ebke did everything she could to help me through that. I now enjoy visiting the dentist and love the organized, personal atmosphere."

Daily brushing will make your teeth whiter and brighter. It's like upgrading your mouth to hi-def!

CLIP & SAVE!

Ingredients:

- 1/2 cup butter
- 1/4 cup sugar
- 1/4 teaspoon almond extract
- 1 1/4 cups all-purpose flour
- 1/4 teaspoon salt
- 4 teaspoons sprinkles

Directions:

1. Heat oven to 325°F. Line 8-inch square baking pan with plastic food wrap, leaving 1-inch overhang. Set aside.
2. Combine butter, sugar and almond extract in medium bowl. Beat at medium speed, until creamy. Reduce speed to low; add flour and salt. Beat until well mixed. Stir in sprinkles.
3. Pat dough evenly into prepared pan. Use plastic wrap to lift dough from pan. Cut dough into 1/2-inch squares. Gently place squares 1/2 inch apart onto ungreased cookie sheets. Bake for 13 to 15 minutes or until bottoms just begin to brown.

To volunteer or donate supplies/services for the event please email Anna@PremierSmile.com

American Red Cross
Premier Dental is also teaming up with the American Red Cross to sponsor a blood drive. Each unit of blood collected saves up to 3 lives! Visit www.redcrossblood.org and enter the sponsor code "PremierDental" to schedule your donation appointment.

This event could not be made possible without all the volunteers and sponsors. Thanks for your support!

Thanks For The Review!

"I plan to drive the 5 hours it takes to be seen at Premier Dental."

"Although I had no dental issues until my 20's, I was always nervous at the dentist. Sometimes more than nervous. When I found Premier Dental on my move to Omaha a few years ago, I found a place that totally alleviated my fears. Dr. Larson and the entire staff make me feel at home, that I am special and no matter what the procedure I am having done, I am stress free. I have moved to Missouri and plan to drive the 5 hours it takes to be seen at Premier Dental. I will go no other place! Thank you so very much for being so kind, considerate and PAIN FREE!!!" - Kay S.
